Students not following a Tennessee Transfer Pathway or an articulation agreement should plan their program of study in consultation with their Pellissippi State advisor and an advisor at the receiving institution. Tables listing Pellissippi State courses and equivalent courses at four-year colleges and universities in Tennessee are available for use in program planning. The College also has transfer agreements with some private institutions for students with general A.A. and A.S. degrees. Links to transfer equivalency tables and to articulation and transfer agreements may be found at this site: www.pstcc.edu/advising/transfer/index.php. (Revised 03-30-2017)
