*Capital letters after Expected Student Learning Outcomes reference the course goals above

IV. EVALUATION:

A. Testing Procedures: 60 percent

Timed application tests will be given on both exams. These tests will consist of problems similar to the cases in the textbook. The average of the two application tests will count 90 percent of the testing grade. A penalty of 10 percent of the total points possible will be deducted for every 15 minutes that a student goes over the allotted time for the midterm or final exam.

Shortcut tests will be given on both exams. The shortcut tests are written exams over shortcuts used in Word. The average of the two shortcut tests will count as 10 percent of the testing grade.

MAKEUP POLICY: Tests CANNOT be made up and a grade of zero will be applied to the missed test unless prior approval by instructor to take test at later date

B. Laboratory Expectation:

This college-level course is structured as a lecture-format class. You will be expected to do lab work in addition to class time to complete assignments. Occasionally, time will be allowed at the instructor's discretion to complete assignments in class. Open labs are available at all campuses. Check posted hours.

C. Field Work: N/A

D. Other Evaluation Methods: 40 percent (Homework, SAM Quizzes, SAM Projects, Graded Exercises, Integrated Computer Projects, Project Presentations)

Homework will be assigned for each tutorial. Homework must be completed in its entirety and will not be accepted after the due date.

SAM projects and quizzes will be assigned for each tutorial using SAM 2013 software. The projects will consist of problems similar to those given in the textbook. The quizzes will consist of 25 multiple-choice questions or tasks over the material within each tutorial.

Graded exercises may be assigned and a point system of grading will be based upon the accuracy of work. These exercises cannot be made up unless prior approval by the
instructor. Homework, quizzes, projects, and graded exercises will account for 35 percent of the other evaluation methods.

Integrated projects will consist of business problems that will utilize Microsoft office. Project Presentations will consist of group presentations over Adobe Acrobat. Integrated projects and project presentations will account 65 for percent of the total grade. Work will not be accepted after the due date and a grade of zero will be applied to any work not submitted.

E. ADMN Grading Scale:

V. POLICIES:

A. Attendance Policy:
Pellissippi State expects students to attend all scheduled instructional activities. As a minimum, students in all courses (excluding distance learning courses) must be present for at least 75 percent of their scheduled class and laboratory meetings in order to receive credit for the course. For the complete policy, please refer to the Academic Information in the online college catalog at www.pstcc.edu/catalog.

B. Academic Dishonesty:
Academic misconduct committed either directly or indirectly by an individual or group is subject to disciplinary action. Prohibited activities include but are not limited to the following practices:

- Cheating, including but not limited to unauthorized assistance from material, people, or devices when taking a test, quiz, or examination; writing papers or reports; solving problems; or completing academic assignments.
- Plagiarism, including but not limited to paraphrasing, summarizing, or directly quoting published or unpublished work of another person, including online or computerized services, without proper documentation of the original source.
- Purchasing or otherwise obtaining prewritten essays, research papers, or materials prepared by another person or agency that sells term papers or other academic materials to be presented as one’s own work.
- Taking an exam for another student.
- Providing others with information and/or answers regarding exams, quizzes, homework or other classroom assignments unless explicitly authorized by the instructor.
- Any of the above occurring within the Web or distance learning environment.

Please see the Pellissippi State Policies and Procedures Manual, Policy 04:02:00 Academic/Classroom Conduct and Disciplinary Sanctions for the complete policy.

C. Accommodations for disabilities:
Students that need accommodations because of a disability, have emergency medical information to share, or need special arrangements in case the building must be evacuated should inform the instructor immediately, privately after class or in her or his office. Students
must present a current accommodation plan from a staff member in Disability Services (DS) in order to receive accommodations in this course. Disability Services may be contacted by sending email to disabilityservices@pstcc.edu, or by visiting Alexander 130. More information is available at http://www.pstcc.edu/sswd/.
