Pellissippi State Technical Community College expects students to attend all scheduled instructional activities. As a minimum, students in all courses must be present for at least 75 percent of their scheduled class and laboratory meetings in order to receive credit for the course (Pellissippi State Catalog). Individual departments/programs/disciplines, with the approval of the vice president of Academic and Student Affairs, may have requirements that are more stringent.

IDT 1030 Class Attendance:
Class attendance for the full period is mandatory for all students. A significant portion of test material and important information is given in class. You are responsible for all materials and information given during class. In the event of an absence, information about upcoming classes should be obtained from fellow classmates or the instructor prior to the next class period. It is not the responsibility of the instructor to seek you out to distribute past materials. Attendance will be taken only at the beginning of the class. Parking problems, car problems, babysitter problems and work scheduling problems do not constitute excused absences. You will be marked late at five minutes after the class is scheduled to begin. Habitual tardiness could result in the lowering of your final grade with five tardies being equal to one absence. An absence (excused or unexcused) does not constitute reason for non-submittal of a project or exercise which is due on the day of the absence. If a test, quiz, reading assignment, project, exercise, etc. is due the next class period following an absence (excused or unexcused) you are still responsible for completion of said assignment.

TWO unexcused absence is permitted without penalty. Students having THREE unexcused absences will receive a penalty of one letter grade for the semester. Students having MORE THAN THREE unexcused absences will receive an automatic failing grade for the semester.
Verification for an excused absence must be submitted to the instructor upon return to class after the absence. The instructor will not request your excuse but will consider the absence unexcused if documentation is not provided.

B. Academic Dishonesty:

In keeping with college-wide policies, the student is expected to adhere to the general rules and regulations relevant to academic and classroom misconduct as outlined in the College Catalog & Handbook.
