V. Evaluation:

A. Testing Procedures:

There are no formal tests.

B. Laboratory Expectations:

This course is in a laboratory setting in which the student learns by participating in a fully staged production and accomplishing assigned tasks in his discipline. At the beginning of the term (rehearsal process) the student and the teacher reach a written understanding as to what his responsibilities will be and the standard for a specific grade through a contract.

A student will work approximately seven hours a week or 112 hours over the semester. However, some positions will require longer hours for six weeks of rehearsal and performances and not as many during the other weeks. The teacher will periodically assess the work of the student and discuss the evaluation with him.

The immediate supervisor or crew head will fill out an evaluation form rating his work. A time sheet recording all hours worked during the production will be filled out by the student and signed by the supervisor.

In order to pass all students are expected to:

1. read and study the entire script.
2. support the production in any way necessary.
3. attend all rehearsals and/or production meetings and/or crew work for which he is called.
4. complete assignments at the appointed time.
5. attend all final rehearsals and performances if he is an actor or part of the running crew.
6. participate in strike.
7. keep an ongoing journal of all of his tasks performed and his reaction to them.

C. Field Work:
