Individual departments/programs/disciplines, with the approval of the vice president of Academic and Student Affairs, may have requirements that are more stringent.

B. Academic Dishonesty:

Academic and Classroom Misconduct. The instructor has the primary responsibility for control over classroom behavior and maintenance of academic integrity and can order the temporary removal or exclusion from the classroom of any student engaged in disruptive conduct or conduct in violation of the general rules and regulations of Pellissippi State. Extended or permanent exclusion from the classroom or further disciplinary action can be effected only through appropriate procedures of Pellissippi State.

Academic misconduct committed either directly or indirectly by an individual or group is subject to disciplinary action. Prohibited activities include but are not limited to the following practices:

- Cheating, including but not limited to unauthorized assistance from material, people, or devices when taking a test, quiz, or examination; writing papers or reports; solving problems; or completing academic assignments
- Plagiarism, including but not limited to paraphrasing, summarizing, or directly quoting published or unpublished work of another person, including online or computerized services, without proper documentation of the original source
- Purchasing or otherwise obtaining prewritten essays, research papers, or materials prepared by another person or agency that sells term papers or other academic materials to be presented as one's own work
- Taking an exam for another student
- Providing others with information and/or answers regarding exams, quizzes, homework or other classroom assignments unless explicitly authorized by the instructor
- Any of the above occurring within the Web or distance-learning environment.

Pellissippi State instructors are responsible for communicating information to their students about college and classroom requirements meant to promote academic honesty. Included in this information should be a discussion of the College's Statement of Academic Honesty. Instructors also have the responsibility to insure that exams, etc. are appropriately proctored to discourage instances of academic misconduct.
Upon discovery of a student's participation in academic misconduct, the student is immediately responsible to the instructor of the class, who will meet with the offending student with evidence of the misconduct. In addition to other possible disciplinary sanctions that may be imposed as a result of academic misconduct, the instructor has the authority to assign either (1) an F or zero for the assignment or (2) an F for the course.

Pellissippi State students accept full responsibility for the quality and authenticity of submitted course work. When confronted with evidence of academic misconduct, students may admit their participation and accept the penalty imposed by the instructor. The instructor will inform the department head of the violation, and the department head will forward written notice of the violation to the dean of Student Affairs, who will keep records of the incident.

If the student believes that he/she has been erroneously accused of academic misconduct and if his/her final grade has been lowered as a result, the student may appeal the case through the following procedures:

- The student may discuss the case with the department head for that discipline.
- If the student seeks further appeal, he/she may ask the department head to contact the vice president of Academic and Student Affairs, who will determine any additional steps to be taken.

**Disciplinary Action.** Disciplinary action may be taken against a student for violations of the above regulations that occur on Pellissippi State-owned, -leased, or otherwise controlled property, or that occur off campus when the conduct impairs, interferes with, or obstructs any College activity or the missions, processes, and functions of the College. In addition, disciplinary action may be taken on the basis of any conduct, on or off campus, that poses a substantial threat to people or property within the Pellissippi State community.

For the purposes of these regulations, a “student” shall mean any person who is registered for study at Pellissippi State for any academic period, including the time that follows the end of an academic period that the student has completed until the last day for registration for the next succeeding regular academic period, and during any period while the student is under suspension from Pellissippi State.
