D. Other Evaluation Methods: 100% of Grade

1. **The grade for the internship is Pass/No-Pass.** The course grade will be determined primarily on the basis of the supervisor’s evaluation, verified work hours, the student evaluation, and a site visit by the Internship Coordinator. Also important in assessing the grade is the initiative shown by the student to get required paperwork submitted on time, including: application, resume, transcript, agreement, training plan, work diary, and the above-mentioned reports.

2. The student is responsible for enrolling in the course and paying all fees, scheduling an
initial interview with the Internship Coordinator prior to the beginning of the enrolled term, and bringing to the interview all completed paperwork including: application, resume, and transcript.

3. The student will notify the Internship Coordinator at the Culinary Institute immediately upon accepting a position which is to serve as his/her internship. In addition, the student will provide employer information [such as supervisor’s name, title, phone, email, fax] to the Internship Coordinator as soon as possible so the employer can be contacted and the job approved for the internship.

4. The Agreement form and Training Plan (two forms which will be provided) will be returned to the Coordinator within the first two weeks of the term or within two weeks of becoming employed.

5. In order to stay in contact with the Coordinator, interns are expected to check student email accounts and personal accounts (if those have been provided) on a regular basis throughout the semester and reply to emails. Progress conferences with the Internship Coordinator may be scheduled at any time during the semester on an “as needed” basis. Notify Coordinator immediately if phone numbers or emails change during the internship.

6. Hours worked must be verified by the employer using either (1) time sheets signed by both the intern and the supervisor, or (2) copies of official pay stubs which show hours. Total of 400 hours are required for the internship. All required hours must be completed with ONE employer. This documentation must be submitted to the Coordinator by the last day of the enrolled term.

7. The intern should regularly review the syllabus and all applicable forms to assure all requirements are being met.

8. The intern is responsible for contacting the Internship Coordinator to arrange a site visit to the intern’s workplace sometime prior to the completion of the required hours.

9. The intern’s work supervisor will submit a final evaluation of the student (form will be provided) upon the completion of 400 hours or prior to the last day of the term.

10. The intern will submit a student evaluation to the Internship Coordinator describing and evaluating the internship work experience.
