II. Course Goals*:

The course will:

A. Use computer software that simulates medical office management tasks. (I)

B. Increase knowledge of diagnosis coding and strengthen knowledge of procedure/service code assignment with special emphasis on evaluation and management code assignment. (II, III, VI)

C. Enhance student ability to relate the diagnosis code to the appropriate service/procedure code. (II, III, VI)

D. Further ability of the student to locate the chart documentation for correct code assignment. (II, III, VI)

*Roman numerals after course goals reference goals of the Administrative Professional Technology program.

III. Expected Student Learning Outcomes*:

The student will be able to:

1. Enter patient data, diagnoses, procedures/services, charges and payments, post insurance payments, and create patient statements using a practice management software program. (A)

2. Create insurance claims and reports using a practice management software program. (A)
3. Assign Evaluation and Management CPT codes. (B)

4. Audit a patient chart. (II, III)

5. Assign HCPCS codes, if needed. (B)

*Capital letters after Expected Student Learning Outcomes reference the course goals listed above.

IV. Evaluation:

A. Testing Procedures: 60% of final grade

There will be three (3) exams given during the semester. Two exams will consist of objective based questions covering the class discussion, coding textbook and practice management software. The second comprehensive exam will consist of activities to be completed on the PC. Printouts along with the saved items on a flash drive will be collected for grading.

B. Laboratory Expectations:

You will be expected to complete the software assignments either in an open computer lab or at home. The open lab is available at all campuses. Check posted hours.

C. Field Work:

None

D. Other Evaluation Methods: 40% of final grade

Class work, assignments, weekly quizzes, and participation make up 40% of the final grade. Each student is expected to complete all assignments. Late submissions are not accepted. Participation points are also awarded for class discussion and activities. Participation/class activity points lost because of absence or tardiness are not made up. Missed quizzes are not made up. Failure to meet assignment deadlines will result in a zero being assigned.

You should plan for 2-4 hours of study for each one-hour of class. In other words, you are expected to spend at least six hours completing the assigned work in addition to the time spent in the classroom. If you are experiencing problems, please consult the instructor.

V. Policies:
A. Attendance Policy:

Pellissippi State expects students to attend all scheduled instructional activities. As a minimum, students in all courses (excluding distance learning courses) must be present for at least 75 percent of their scheduled class and laboratory meetings in order to receive credit for the course. Individual departments/programs/disciplines, with the approval of the vice president of Academic Affairs, may have requirements that are more stringent. In very specific circumstances, an appeal of the policy may be addressed to the head of the department in which the course was taken. If further action is warranted, the appeal may be addressed to the vice president of Academic Affairs.

B. Academic Dishonesty:

Academic misconduct committed either directly or indirectly by an individual or group is subject to disciplinary action. Prohibited activities include but are not limited to the following practices:

- Cheating, including but not limited to unauthorized assistance from material, people, or devices when taking a test, quiz, or examination; writing papers or reports; solving problems; or completing academic assignments.
- Plagiarism, including but not limited to paraphrasing, summarizing, or directly quoting published or unpublished work of another person, including online or computerized services, without proper documentation of the original source.
- Purchasing or otherwise obtaining prewritten essays, research papers, or materials prepared by another person or agency that sells term papers or other academic materials to be presented as one’s own work.
- Taking an exam for another student.
- Providing others with information and/or answers regarding exams, quizzes, homework or other classroom assignments unless explicitly authorized by the instructor.
- Any of the above occurring within the Web or distance learning environment.

Please see the Pellissippi State Policies and Procedures Manual, Policy 04:02:00 Academic/Classroom Conduct and Disciplinary Sanctions for the complete policy.

C. Accommodations for disabilities:

Students that need accommodations because of a disability, have emergency medical information to share, or need special arrangements in case the building must be evacuated should inform the instructor immediately, privately after class or in her or his office. Students must present a current accommodation plan from a staff member in Services for Students with Disabilities (SSWD) in order to receive accommodations in this course. Services for Students with Disabilities may be contacted by sending email to disabilityservices@pstcc.edu, or visiting Goins 127, 132, 134, 135, 131. More information is available at http://www.pstcc.edu/sswd/.

D. Other Policies:

Computer Usage Guidelines:
College-owned or -operated computing resources are provided for use by students of Pellissippi State. All students are responsible for the usage of Pellissippi State’s computing resources in an effective, efficient, ethical and lawful manner.
