PELLISSIPPI STATE COMMUNITY COLLEGE
MASTER SYLLABUS

PREHISTORIC ARCHAEOLOGY
ANT 1200

Class Hours: 3.0  Credit Hours: 3.0
Laboratory Hours: 0.0  Date Revised: Fall 2015

Catalog Course Description:

Introduction to methods, theory, and techniques used to analyze and date archaeological cultures, past life ways and cultural evolution.

Entry Level Standards:

Students must be able to read and write at a college entry level.

Prerequisites/Corequisites:

None

Textbook(s) and Other Course Materials:

I. Week/Unit/Topic Basis:

NOTE: Emphasis will be placed on the prehistory of America, Africa, southwest Asia, and western Europe. The scope of human prehistory will cover from the earliest human cultures to the rise of complex civilizations.

The course will:

A. Provide an introductory overview of the discipline of archaeology. II, III, IV
B. Discuss archaeology as anthropology, archaeology as a means to explain the past, present and future. II, IV
C. Teach archaeology as a science. V
D. Present the aesthetic nature of archaeology. II.1
E. Discuss the ethics of archaeological investigation, a non-renewable resource. III.4, III.6
F. Discuss the competing hypotheses of the origin of modern humans. Understand the material culture changes seen with early human populations. I.6, I.7, V.4, V.5
G. Discuss the evidence contained in the human fossil record and how archaeological methodology is used to interpret the distant past.
H. Understand humans as part of a cultural continuum. III.4, III.2, IV
I. Discuss symbolism and how archaeologists interpret this in light of differing prehistoric belief systems and types of artistic expression. I.7, III.2, IV, V.5
J. Understand the use of technology in prehistory. II.1, II.2, IV, V.5
K. Discuss subsistence strategies and how and why the majority of human groups switched to agriculture in prehistory. III.2, III.7, IV, V.5
L. Understand how archaeologists make interpretations about the past, including but not limited to past subsistence strategies, technological innovations used, and social organization. I.7, III.2, IV, V.5
M. Discuss the definition of and the archaeological evidence for the first civilizations. III.2, IV
N. Understand how modern humans populated the world. II.5, V.5
O. Discuss an overview of the archaeological evidence for prehistoric Asian, African, North American, Mesoamerican, and Andean civilizations. III.2, III.7, IV, V.5
P. Understand how archaeologists study the biology of people to make many of their interpretations about the past. III.6, III.7, IV, V.5
Q. Discuss historical archaeology and how archaeology affects the public domain. III.6

*Roman numerals after course objectives reference TBR’s general education goals.
III. Expected Student Learning Outcomes*: 

The student will be able to:

1. Understand the goals and scope of archaeology. A, B, C
2. Obtain an understanding and appreciation of the history of archaeology. A, B
3. Learn how a human event or habitation becomes an archaeological site. C
4. Learn how archaeologists find and recognize places of past human behavior. C
5. Differentiate types of excavation techniques. C
7. Explain the difference between relative and absolute dating. C
8. Understand how societies are organized and how this affects settlement patterns. B, H, L, M, N, O
9. Understand the variety of environments that were exploited in prehistory. K, L
10. Learn that subsistence is the basic of what can be found in the archaeological record. L
11. Have an appreciation of the evolution of human technology. C, F, J
12. Learn how both goods and ideas were exchanged. F, J, L, M, O
13. Understand the use of art to better understand what past people were thinking. D
14. Learn the application of physical anthropology to archaeological burials. P
15. Understand change in the archaeological record and why cultures disappear. B, H, L
16. Learn the steps in the interpretation of past material culture. A, B, C, L
17. Understand cultural resource management. Q
18. Describe the introduction to the field of paleoanthropology and the various hominids represented in the fossil record. F, G
19. Discuss modern human origins emphasizing critical thinking. F, G
20. Have a basic understanding of prehistoric African, Asian, North American, Mesoamerican, and Andean civilizations. N, O, P

*Letters after performance expectations reference the course objectives listed above.

IV. Evaluation:

A. Testing Procedures: 300 points
   
   In-class exams (2): 100 points each
   
   In-class quizzes (10): 10 points each

B. Laboratory Expectations: None
C. Field Work: 100 points

Research paper and oral presentation: 100 points

D. Other Evaluation Methods:

Students may earn up to 20 extra credit points by visiting the Frank H. McClung
Museum, located on the University of Tennessee Knoxville campus, and writing a three-page reaction/response paper to Native Peoples of Tennessee exhibit.

E. Grading Scale:

V. Policies:

A. Attendance Policy:

Pellissippi State expects students to attend all scheduled instructional activities. As a minimum, students in all courses (excluding distance learning courses) must be present for at least 75 percent of their scheduled class and laboratory meetings in order to receive credit for the course. Individual departments/programs/disciplines, with the approval of the vice president of Academic Affairs, may have requirements that are more stringent. In very specific circumstances, an appeal of the policy may be addressed to the head of the department in which the course was taken. If further action is warranted, the appeal may be addressed to the vice president of Academic Affairs.

B. Academic Dishonesty:

Academic misconduct committed either directly or indirectly by an individual or group is subject to disciplinary action. Prohibited activities include but are not limited to the following practices:

- Cheating, including but not limited to unauthorized assistance from material, people, or devices when taking a test, quiz, or examination; writing papers or reports; solving problems; or completing academic assignments.
- Plagiarism, including but not limited to paraphrasing, summarizing, or directly quoting published or unpublished work of another person, including online or computerized services, without proper documentation of the original source.
- Purchasing or otherwise obtaining prewritten essays, research papers, or materials prepared by another person or agency that sells term papers or other academic materials to be presented as one’s own work.
- Taking an exam for another student.
- Providing others with information and/or answers regarding exams, quizzes, homework or other classroom assignments unless explicitly authorized by the instructor.
- Any of the above occurring within the Web or distance learning environment.

Please see the Pellissippi State Policies and Procedures Manual, Policy 04:02:00 Academic/Classroom
Conduct and Disciplinary Sanctions for the complete policy.

C. Accommodations for Disabilities:

Students who need accommodations because of a disability, have emergency medical information to share, or need special arrangements in case the building must be evacuated should inform the instructor immediately, privately after class or in her office. Students must present a current accommodation plan from a staff member in Disability Services (DS) in order to receive accommodations in this course. Disability Services may be contacted by sending email to disabilityservices@pstcc.edu, or by visiting Alexander 130. More information is available at www.pstcc.edu/sswd/.
