PELLISSIPPI STATE COMMUNITY COLLEGE
MASTER SYLLABUS

FUNDAMENTALS OF BOTANY II
BOT 1020

Class Hours: 3.0  Credit Hours: 4.0
Lab Hours: 1.0  Revised: Fall 2015

Catalog Course Description:

Plant growth, anatomy, growth regulation; uptake and transport; origin of life and mechanism of evolution; ecology, importance to humans and environmental concerns.

Entry Level Standards:

Eligible to enroll in college level English and Math

Prerequisites:

None

Textbook(s) and Other Course Materials:

Lab: Peterson Field Guides: Wildflowers of Northeastern and Northcentral North America, Houghton Mifflin Co. (an equivalent guide to wildflowers may be substituted).

I. Week/Unit/Topic Basis:

<table>
<thead>
<tr>
<th>Week</th>
<th>Topic</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Introduction to the Study of Plants</td>
</tr>
<tr>
<td>2</td>
<td>Introduction to Taxonomy &amp; Fossil Plants</td>
</tr>
<tr>
<td>3</td>
<td>Fossil Plants &amp; Bryophytes</td>
</tr>
<tr>
<td>4</td>
<td>Ferns &amp; Fern Allies</td>
</tr>
<tr>
<td>5</td>
<td>Gymnosperms &amp; Gymnosperm Families</td>
</tr>
<tr>
<td>6</td>
<td>Angiosperms &amp; Angiosperm Evolution</td>
</tr>
<tr>
<td>7</td>
<td>Medicinal Use of Plants &amp; Coffee</td>
</tr>
<tr>
<td>8</td>
<td>Flowering Plant Families</td>
</tr>
<tr>
<td>9</td>
<td>Flowering Plant Families</td>
</tr>
<tr>
<td>10</td>
<td>Plant Hormones &amp; Plant Development</td>
</tr>
<tr>
<td>11</td>
<td>Transport in Plants &amp; Logging</td>
</tr>
</tbody>
</table>
II. Course Goal*:

The course will:

A. Guide students to understand the diversity of plants. (V.3, V.4)
B. Enhance the student’s knowledge of how plants have influenced the history of mankind. (V.5)
C. Enhance the student’s ability to describe and identify local flora. (V.1)
D. Enhance the student’s ability to conduct, analyze and evaluate experiments involving plant reproduction and plant physiology. (V.1, V.2, V.3)
E. Enhance the student’s knowledge of various horticultural skills. (V.4, V.5)

*Roman numerals after course objectives reference the TBRs general education goals.

III. Expected Student Learning Outcomes*:

The student will be able to:

1. Name, describe and summarize the various plant taxa. Name, label and define the morphological structure of various types of plants. (A)
2. Explain and analyze how various plants and plant products have impacted human social and political development. (B)
3. Analyze, categorize and name species of the local flora. (C)
4. Use experimental results to demonstrate, compare and explain aspects of plant reproduction and physiology. (D)
5. Use, demonstrate and apply principles and techniques to horticultural problems. (E)

* Capital letters after Expected Student Learning Outcomes reference the course goals listed above.

IV. Evaluation:

A. Testing Procedures: Approximately 2/3 of course grade.

Four exams worth 100 points each. Exams are a combination of multiple choice, matching, identification and short answer.
Twenty five vocabulary quizzes worth 5 points each.
Service Learning Assignment worth 100 points.
Lecture Feedback worth 50 points.

Final Exam:
The final exam (exam 4) is considered mandatory. If the final exam is not taken, one full letter
grade will be deducted from the student’s calculated percentage grade.

B. Laboratory Expectations: Approximately 1/3 of course grade.

During lab, students will conduct activities related to that week’s topic. Activities may include the observation of plants and their structures, conducting of experiments related to plant function, and an introduction to various local plant species.

Weekly lab activities will be evaluated by quizzes or collected work (150 points). A formal lab report will be written for one lab activity (50 points). A laboratory project worth 50 points will be assigned for the semester. Two lab practical (50 points each)

C. Field Work:

N/A

D. Other Evaluation Methods:

N/A

E. Grading Scale:

<table>
<thead>
<tr>
<th>Points Range</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>922 – 1025</td>
<td>A</td>
</tr>
<tr>
<td>891 – 921</td>
<td>B+</td>
</tr>
<tr>
<td>820 – 890</td>
<td>B</td>
</tr>
<tr>
<td>789 – 819</td>
<td>C+</td>
</tr>
<tr>
<td>717 – 788</td>
<td>C</td>
</tr>
<tr>
<td>615 – 716</td>
<td>D</td>
</tr>
<tr>
<td>below 615</td>
<td>F</td>
</tr>
</tbody>
</table>

V. Policies:

A. Attendance Policy:

Pellissippi State expects students to attend all scheduled instructional activities. As a minimum, students in all courses (excluding distance learning courses) must be present for at least 75 percent of their scheduled class and laboratory meetings in order to receive credit for the course. Individual departments/programs/disciplines, with the approval of the vice president of Academic Affairs, may have requirements that are more stringent. In very specific circumstances, an appeal of the policy may be addressed to the head of the department in which the course was taken. If further action is warranted, the appeal may be addressed to the vice president of Academic Affairs.

B. Academic Dishonesty:

Academic misconduct committed either directly or indirectly by an individual or group is subject to disciplinary action. Prohibited activities include but are not limited to the following practices:

• Cheating, including but not limited to unauthorized assistance from material, people, or devices when taking a test, quiz, or examination; writing papers or reports; solving problems; or completing academic assignments.

• Plagiarism, including but not limited to paraphrasing, summarizing, or directly quoting published or unpublished work of another person, including online or computerized services, without proper documentation of the original source.

• Purchasing or otherwise obtaining prewritten essays, research papers, or materials prepared by another person or agency that sells term papers or other academic
• Materials to be presented as one’s own work.
• Taking an exam for another student.
• Providing others with information and/or answers regarding exams, quizzes, homework or other classroom assignments unless explicitly authorized by the instructor.
• Any of the above occurring within the Web or distance learning environment.

Please see the Pellissippi State Policies and Procedures Manual, Policy 04:02:00 Academic/Classroom Conduct and Disciplinary Sanctions for the complete policy.

C. Accommodations for Disabilities:

Students that need accommodations because of a disability, have emergency medical information to share, or need special arrangements in case the building must be evacuated should inform the instructor immediately, privately after class or in her or his office. Students must present a current accommodation plan from a staff member in Disability Services (DS) in order to receive accommodations in this course. Disability Services may be contacted by sending email to disabilityservices@pstcc.edu, or by visiting Alexander 130. More information is available at http://www.pstcc.edu/sswd/.

D. Other Policies:

During laboratory, shoes with closed toes and closed heel must be worn. Students will not be allowed to attend laboratory without proper footwear. Classroom disruptions during the lecture, any form of communication during testing, or any other behavior that may prove distracting to others will not be tolerated and may lower the final grade. Students are expected to work on Botany related materials and participate in meaningful discussions. Visitors are not allowed in the classroom.
