D. Other Evaluation Methods:

1. **The grade for the internship is Pass/No-Pass.** The course grade will be determined primarily on the basis of the supervisor's evaluation, verified work hours, the student evaluation, and a site visit by the Internship Coordinator. Also important in assessing the grade is the initiative shown by the student to get required paperwork submitted on time, including: application, resume, transcript, Job Profile and evaluation forms.
2. The student is responsible for enrolling in the course and paying all fees, scheduling an initial interview with the Internship Coordinator prior to the beginning of the enrolled term, and bringing to the interview all completed paperwork including: application, resume, and transcript.
3. The student will notify the Internship Coordinator immediately upon accepting a position which is to serve as his/her internship. The internship coordinator must approve the placement and the placement supervisor must complete the Job Profile verification form during or before the first week of the internship. The form is provided by the internship coordinator.
4. In order to stay in contact with the Coordinator, interns are expected to check student email accounts and personal accounts (if those have been provided) on a regular basis

throughout the semester and reply to emails. Progress conferences with the Internship Coordinator may be scheduled at any time during the semester on an “as needed” basis. **Notify Coordinator immediately if phone numbers or emails change during the internship.**

5. Hours worked must be verified by the employer using either (1) time sheets signed by both the intern and the supervisor, or (2) copies of official pay stubs which show hours. Total of 135 hours are required for the internship. All required hours must be completed with ONE employer. This documentation must be submitted to the Coordinator by the last day of the enrolled term.
6. The intern should regularly review the syllabus to assure all requirements are being met.
7. The intern is responsible for contacting the Internship Coordinator to arrange a site visit to the intern’s workplace sometime prior to the completion of the required hours. If this visit cannot be completed, then a **report** is required in lieu of the visit. Coordinator will explain the report requirements.
8. The intern’s work supervisor will submit a final evaluation of the student (form will be provided) upon the completion of 135 hours or prior to the last day of the term.
9. The intern will submit a student evaluation to the Internship Coordinator describing and evaluating the internship work experience. The “Student Evaluation” form, along with a “Timesheet” form for #7 above, is online at: www.pstcc.edu/bct/internships.php. This form must be submitted by the last day of the enrolled term.
10. Tardiness, absenteeism, and/or general disciplinary problems will not be tolerated and can result in the failure of this course.
11. The intern will be responsible for handling all software, hardware, and other types of equipment provided by the employer in a responsible and ethical manner.
12. The internship must be completed within six months of the completion of the last major course.
