ALL COURSES (EXCEPT OST 1211) MUST BE COMPLETED NO LATER THAN THE SEMESTER IN WHICH APPLICATION TO THE COLLEGE OF NURSING IS MADE.

Completion of these courses does not guarantee admission into ETSU's Nursing Program. An application for admission into the ETSU School of Nursing must be submitted and the student must be accepted. Acceptance is substantially improved by a high GPA.

Students must apply to both the University and to the nursing school. Students should check with the University and the nursing school to determine application deadlines, which may be well in advance of the entrance dates. Note that course requirements may change. It is the student's responsibility to check with the ETSU Nursing Program to make sure all courses will transfer and are acceptable. This is especially true if the courses were taken at other colleges or universities. See the ETSU Catalog for more information on admission requirements for the college and for the Nursing Program.

Completion of these courses does not result in an AS degree from PSTCC. Additional courses may be required; see your advisor and the PSTCC Catalog & Handbook for associate degree requirements.

This checklist is not intended to replace your advisor. See your pre-nursing advisor for assistance in planning your coursework!
