NOTE: Electronics Engineering Technology is an Accrediting Board of Engineering and Technology accredited program. For more information, contact East Tennessee State University, College of Applied Science and Technology, Department of Technology (423) 439-7813. Transfer students with an associate degree earned through an articulated major/concentration are required to take two writing, one oral communication and two using information technology intensive courses. You must take these courses at ETSU; transfer credits for courses taken at other institutions does not satisfy the intensive requirements. Your Technology advisor at ETSU will help you identify and select these courses.
