<sup>1</sup>Electronics Engineering Technology is an ABET accredited program.

<sup>2</sup>See ETSU catalog or check with advisor.

For more information, contact East Tennessee State University, College of Business & Technology, Department of Technology and Geomatics (423) 439-7813.

Transfer students with an associate degree earned through an articulated major/concentration are required to take two writing, one oral communication and one using information technology intensive courses. You must take these courses at ETSU; transfer credits for courses taken at other institutions do not satisfy the intensive requirements. Your Technology advisor at ETSU will help you identify and select these courses.
