ETSU. If you test out of CSCI 1100 you must make up the three hours with a three-hour elective.

Transfer students with an associate degree earned through an

articulated major/concentration are required to take two writing, one oral communication and one using information

¹To graduate, a student must have 60 hours earned at a senior institution with 34 of the 60 hours being earned at

technology intensive courses. You must take these courses at ETSU; transfer credits for courses taken at other institutions do not satisfy the intensive requirements. Your Applied Human Sciences advisor at ETSU will help you identify and select these courses.
