	28 [31]		33-37

East Tennessee State University

TOTAL HOURS: 64-65

TOTAL DEGREE CREDITS: 128

¹An overall GPA of 2.5 or better is required. In common computer & information science core courses and the concentration specific courses, a 'C-' or better grade is required.

Transfer students with an associate degree earned through an articulated major/concentration are required to take two writing, one oral communication and one using information technology intensive courses. You must take these courses at ETSU; transfer credits for courses taken at other institutions does not satisfy the intensive requirements. Your Computer Science advisor at ETSU will help you identify and select these courses.
