

GENERAL ASSOCIATE OF SCIENCE IN TEACHING PROGRAM REQUIREMENTS

The community colleges and universities of the Tennessee Board of Regents system have joined together to develop a common core of courses for prospective elementary school teachers consisting of an introduction to teaching and technology course and standards-based mathematics and science courses. The common core for the Associate of Science in Teaching (A.S.T.) degree allows prospective teachers to transfer from Pellissippi State to East Tennessee State University as a junior and without loss of credit. In addition to the curriculum requirements listed below, students must attain a cumulative grade-point average of 2.75, successfully complete the Praxis I exam and must achieve satisfactory disposition assessment ratings.
