AGENDA ITEMS DISCUSSED

- I.** Approval of November 20, 2000 Meeting Minutes
- II.** TBR Proposal for New Program in Web Development Technology

ACTIONS TAKEN

- I.** 11/20/2000 minutes were approved as written.
- II.** Information concerning the Web Development Technology was provided by Gay Bryant. After discussion and questions from the committee, including editing suggestions, the program was approved by majority vote. However, the committee expressed concern that they had not received the completed program until Monday, November 27. This lack of sufficient time for thorough review is the same issue that concerned the committee with the September Networking proposal. There was a motion passed by the committee to draft a letter to Dr. Bruns concerning the lack of review time.
