Guidelines for Committee Operations

Meetings

CDC meets more frequently than most standing committees. During September, October, and November, the committee meets biweekly or weekly due to the volume of curriculum proposals received during fall semester. Monthly meetings are generally adequate to accomplish the committee's work during spring.

Minutes

Minutes are taken when the full committee meets. Copies of committee minutes should be sent to members within one week of the meeting date. Copies should also be sent to those listed on the attached minutes form. The Curriculum Secretary serves as recorder of CDC minutes. When the committee finds it necessary to develop subcommittees, subcommittee chairs and the committee chair should determine whether or not minutes are needed for subcommittee meetings.

End-of-Year Reports

Standing committee chairs and administrative support personnel provide summary reports to the president at the end of the academic year. Reports should include a summary of the committee's activities, an evaluation of the committee's operations and support provided to the committee for accomplishing its mission and goals, and suggestions on membership and goals for the following academic year.
