In order to be considered for admission to a major within the College, students must have earned a minimum of 2.30 cumulative average in English 1010-1020, Chemistry 1110-1120, and Math 1910-1920.

In order to progress into the major, students must complete this specified curriculum with a minimum grade point average of 2.4. Provisional status may be granted to students with a grade point average of 2.0-2.39. These students must then complete 12 credit hours of engineering courses (9 hours of which are specified in the department) with a minimum grade point average of 2.0.
