

**TRiO Student Support Services
Textbook Checkout Request**

Please complete the form in order to request textbooks for checkout during the semester. **Completing a request does not guarantee textbooks will be available for checkout.** Several factors are taken into consideration: need, completion of required activities, availability of books, and budget. Students must have been active members of TRiO for at least three months before textbooks may be checked out. Students who do qualify are limited to checking out books for 2 of their classes each semester.
