

FOUNDATION SCHOLARSHIP REGULATIONS

1. Recipient must be a resident of Tennessee unless applying for the international students scholarship.
2. Scholarships are for use at Pellissippi State Technical Community College only.
3. Scholarships are academic and need-based scholarships.
4. Academic requirements include the indicator of cumulative GPA. Other considerations include honors, area of specialization, economic status, availability of scholarship funds, and compliance with scholarship application requirements. Meeting minimum criteria does not guarantee a scholarship award.
5. Scholarships are awarded in semester installments.
6. The Financial Aid Office notifies the Business Office of the scholarship payment. If the recipient's tuition and fees have already been paid, the student will receive the financial support directly unless the donor has stipulated otherwise.
7. The Foundation may allow financial support for students enrolled in developmental studies courses.
8. The Foundation Executive Director must approve a change in class work if the change conflicts with the scholarship criteria, i.e. dropping classes or changing majors.
9. Completed scholarship applications must be returned to the Financial Aid Office by the deadline. Incomplete applications will not be considered.
10. The Foundation does not fund summer scholarships.
11. The Foundation reserves the right to consider the amount of other financial aid or assistance that a student is receiving when determining eligibility for a scholarship.
12. When applying for and accepting a scholarship from the Pellissippi State Foundation, the scholarship applicant must agree that his or her grade point average and other pertinent information may be released to the Foundation Board of Trustees or used in publicity or correspondence regarding Foundation activities or programming.
13. The Pellissippi State Scholarship Selection Committee determines all scholarship awards. The Committee may authorize or withdraw funding for a recipient at any time.
