Statewide Update – President, L. Anthony Wise, Jr.

- As a result of the Focus Act, we are looking at how TCAT and Community College systems align. We will first look at aligning curricula between the two institutions. We have some similar programs such as advanced manufacturing, computer information systems, and medical coding. Maintenance of the TTPs is a concern as result of the Focus Act; we want to make sure they are honored at the 4-year schools. TN eCampus is another concern related to the Focus Act. Clearly Pellissippi State has control of our own online courses and our student experience is tied to our brand. The Presidents of the colleges will start naming board members and the board members should meet sometime in 2017.

- We are coming up on our 5th Year Report with SACSCOC. SACSCOC now want us to illustrate our plan, the process, and the assessment of the process and not just propose as before.

- Introduced Alex Fitzner as our new the Faculty Regent for TBR.

Institutional Effectiveness Update – Nancy Ramsey

- Welcomed the guests to the meeting and thanked them for their interest in Strategic Planning.

- Discussed Quality Assurance Funding (previously Performance Funding) and how it worked. The Quality Assurance Funding report was turned in the first of August. At this time we have not received our score but Nancy believes we will score 95.
• Met with a small group of colleagues from the college to work on getting a plan for the Adult Learners. This group will report to Ted Lewis in December with a recommended plan.

• Next Friday, September 30 - 22 volunteers are meeting to discuss Underrepresented Minorities.

**Academic Affairs Update – Ted Lewis** (Attachment A)

**Committee Updates:**

**Academic Programming - Celeste Evans**

• Their goals were to provide full degree programs at the other campuses. (Initiative 1.5 of the Strategic Plan) They met monthly, worked with the deans and surveyed students to see what classes were needed. They are going on their second year of having campus flyers (Attachment B). The following areas have increased or stayed the same (see below)

Strategies to Facilitate Online Success

• Established faculty-driven Online Leadership Committee

• Developed online certifications to provide faculty tools and resources needed to enhance online environments

• Level I Certification in D2L
  292 faculty have completed Level I Certification

• Level II Online Certification in D2L
  78 faculty have completed Level II Certification

• Identified, deliver, and advertise 16 programs that can be completed entirely online
2015 – 2016 Initiative
Co-Requisite Remediation
Prior to co-requisite remediation, within 4 semesters of enrolling, 12% of students who needed a remedial course in English or Math completed their first college level course in that discipline.

Mandatory College Success Course

- Spring-Fall 2016 – faculty committee develop mandatory college success course recommendation
- Spring 2017 – mandatory college success course curriculum finalized, approved, and scheduled
- Spring-Summer 2017 – college success course faculty trained
- Fall 2017 – implemented
Facilitating a Culture of Student Success
It’s What We Do!
Pellissippi State Community College’s Blount County Campus is located off Lamar Alexander Parkway near Maryville, Alcoa and Friendsville. The campus boasts an amphitheater and walking trail and is home to nursing and computer labs and a manufacturing training center. On the Blount County Campus, you can complete certain degrees or certificates without ever leaving campus.

TENNESSEE TRANSFER PATHWAY DEGREES

Students who complete all the courses listed in a Tennessee Transfer Pathway program will earn an Associate of Arts or Associate of Science degree with a concentration in a certain area of study. TTP courses count toward the university major of that area of study. These degrees are designed to seamlessly transfer to Tennessee Board of Regents or University of Tennessee institutions, though some colleges or universities may have additional requirements. Transfer degree concentrations offered at the Blount County Campus:

Accounting  Marketing  Nutrition and Food Science
Business Administration  Philosophy  Political Science
Criminal Justice (requires four online courses)  Pre-Dental Hygiene  Pre-Professional Occupational Therapy (requires one online course)
Early Childhood Education (Pre K-3)  Pre-Professional Physical Therapy  Psychology (requires one online course)
Economics  Social Work
English  Sociology
Finance  Special Education
Foreign Language (Spanish)
History
Information Systems
International Affairs
Management

GENERAL TRANSFER DEGREES

The general transfer degree at Pellissippi State is for students who wish to earn an associate’s degree, but want to keep their options open when they transfer to a university. Completing one of these programs fulfills general education requirements for a four-year degree. However, this flexibility means that each student is responsible for ensuring that individual courses will be accepted by the university he or she plans to attend.

General Associate of Arts  General Associate of Science

Additionally, the Blount County Campus offers a common core of courses for prospective K-5 teachers, consisting of an introduction to teaching and technology courses and to standards-based mathematics and science courses. The Associate of Science in Teaching degree allows students to transfer to any Tennessee Board of Regents university as a junior, without loss of credits.

Associate of Science in Teaching

CAREER DEGREES

Career degrees prepare students for business and technical careers. These Associate of Applied Science degrees are offered in a number of program areas with numerous concentrations. All career degrees are designed for students whose primary educational goal is entry-level employment or career advancement. They’re not specifically designed for transfer, although some do, and general education courses typically transfer to most four-year institutions. Career degrees offered at the Blount County Campus:

Engineering Technology, Automated Industrial Systems concentration
Nursing

CERTIFICATES

Students can earn high-quality, short-term training in the form of certificates. Certificates are especially designed for working students or those who wish to upgrade skills or gain additional certification. Most certificates don’t have general education or placement testing requirements, and they are not supported by financial aid. Certificates offered at the Blount County Campus:

Industrial Automation  Pre-Business Transfer
Pre-Allied Health  Supervision

For more information: www.pstcc.edu/blount or 865.981.5300

BLOUNT COUNTY CAMPUS
2731 W. Lamar Alexander Parkway, Friendsville, Tennessee 37737
Pellissippi State Community College's Division Street Campus is located in downtown Knoxville and has been continuously operating as part of the college for more than 40 years. On the Division Street Campus, you can complete certain degrees or certificates without ever leaving campus.

**TENNESSEE TRANSFER PATHWAY DEGREES**

Students who complete all the courses listed in a Tennessee Transfer Pathway program will earn an Associate of Arts or Associate of Science degree with a concentration in a certain area of study. TTP courses count toward the university major of that area of study.
