October 2007 - What's New at the Library?

Vol. 4 No. 2

## This month's feature: **New Library Web Site**

Welcome to the Library's new look! In addition to the 3 main categories of **Find Information**, **Library Services**, and **About the Library**, you will also find **Quick Links**:

- My Library Account
- Off-campus login
- Research guides
- Tutorial
- What's New?

Pellissippi State students, faculty, and staff have access to over **60,000 books**; **300+ periodicals**; **50,000+ electronic books**; **100+ eAudio books**; **60+ electronic databases**; and a friendly staff of librarians and ERC coordinators who can assist you in your research needs.

**NEW! Women and Social Movements** is a resource for students and scholars of U.S. history and U.S. women's history. Organized around the

history of women in social movements in the U.S. between 1600 and 2000, the website seeks to advance scholarly debates and offer insights of women's history accessible to teachers and students at Pellissippi State. This database includes 2,300 documents, more than 800 images, and almost 800 links to other websites.

**If you need assistance, ask a librarian!**

During Library hours, call the Reference Desk at 539-7107 or go to **Ask a Librarian** online at

<http://cmspublic.pstcc.edu/library/ask/>

**JSTOR** archive holds the complete digitized back runs of core scholarly journals, starting with the very first issues, some dating as far back as the 1600s. New titles and disciplines are being added regularly. Issues of journals are never "out"; they are always accessible, and in excellent condition.

Originally conceived as a project at The Andrew W. Mellon Foundation, JSTOR began as an effort to ease the increasing problems faced by libraries seeking to provide adequate shelf space for the long runs of backfiles of scholarly journals. **JSTOR is not a current issues database.** Because of JSTOR's archival mission, there is a gap, typically from 1 to 5 years, between the most recently published journal issue and the back issues available in JSTOR.

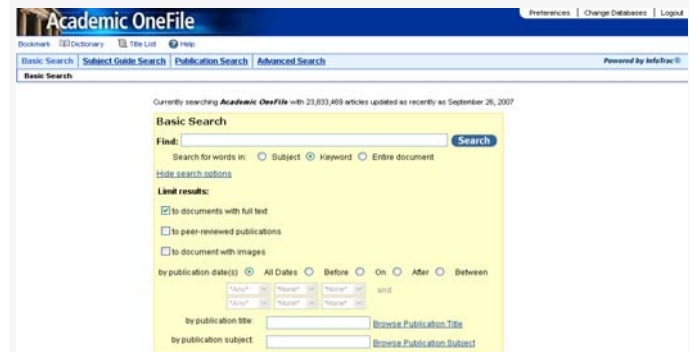

**JSTOR** offers researchers the ability to retrieve high-resolution, scanned images of journal issues and pages as they were originally designed, printed, and illustrated.

## What one database has over

**23,833,469 articles updated daily?**

**Academic OneFile** is the premier source for peer-reviewed, full-text articles from the world's leading journals and reference sources. With extensive coverage of the physical sciences, technology, medicine, social sciences, the arts, theology, literature and other subjects, **Academic OneFile** is both authoritative and comprehensive. *Academic OneFile* replaces *Expanded Academic ASAP*.

To see these featured databases and a complete list of our **Online Databases**, visit the Library's website and select the [Databases A-Z](#) link.

## New Books!

The Library posts a list of newly purchased books each month. To view a complete list of new books purchased lately, visit the Library's home page <http://www.pstcc.edu/library>. There, select the **What's New** link in the **Quick Links** area on the right of the page. Or visit the Reference center area at the Pellissippi campus.

If you are at a satellite campus and want to check out that new book, go to the **Online Catalog**, find the book title, print out the title record page, and bring it to the ERC circulation desk. We'll get the book for you in 1-2 days! **Here are just a few titles:**
