INTRODUCTION

Is PLA for you? The following checklist may assist you in determining if you are a candidate for Prior Learning Assessment (PLA) credit. Do any of these statements apply to you? If so you may be a candidate for PLA credit.

→ I am over the age of 24.
→ I have a minimum of 5 years’ work experience.
→ My work experience includes leadership, management, or supervisory responsibilities.
→ I have certifications and/or memberships with professional organizations.
→ I have participated in corporate training programs.
→ I have completed non-credit college courses.
→ I have hobbies, personal interests, or have completed an informal independent study.
→ I have been involved with extensive volunteer or community work.
→ I am or was a member of the armed forces.
→ I have lived in a foreign country and/or traveled extensively.

Pellissippi State Community College awards various types of PLA credit, since different forms of PLA are better for some students than for others. This guide provides information for many of the potential PLA credits available. Please read each section carefully, determine if PLA is something you wish to pursue, obtain the required documentation, complete any necessary forms, retain copies, and submit your materials to the designated college personnel for evaluation.

What Is Prior Learning Assessment (PLA)?

Prior Learning is a term used to describe learning gained outside a traditional academic environment. PLA is a process by which learning mastered outside of a formal classroom is reviewed for college-level equivalency. Credit for PLA may be granted for learning acquired from work and life experiences; civic, community, or volunteer work; individual study; and in-service training sponsored by associations, business, government, and industry, including the
PLA is the evaluation and assessment of an individual’s life learning for college credit, certification, or advanced standing toward further education or training. However, PLA is not awarded for experience per se; rather it is awarded for college-level learning, which entails knowledge, skills, and competencies obtained as a result of prior experiences. For the purpose of this guide, PLA credit is divided into two types. Section I addresses Traditional Prior Learning Alternatives, such coursework from non-regionally accredited institutions, standardized tests (DANTES, CLEP, AP) or institutional challenge exams, coursework from Tennessee Colleges of Applied Technology (TCAT), and professional certifications and/or licensures. Section II, Non-Traditional Prior Learning Alternatives, explains the options of credit for life experience, American Council on Education (ACE) recommendations for military and corporate credits, and the portfolio (life-experience for more than three credit hours).

PLA is a rigorous process in which a student must demonstrate that he or she has college-level learning in a particular area. It is not a process by which credits are given away. PLA is evaluated on learning, not experience. PLA provides students the opportunity to validate their relevant learning. Awarded credit will correspond as closely as possible to comparable courses from Pellissippi State’s inventory of course offerings. Emphasis is placed on the satisfactory presentation of the student’s achievement relative to each course’s learning objectives.

Students must be enrolled at PSCC and meet all admission requirements for the program in which course credit for prior learning is being sought. The student must make application to the institution for prior learning assessment and credit for experiential learning (attached). Credit may not be awarded twice for the same learning. A maximum of 45 credits hours can be earned through all PLA.
APPLICATION FOR PRIOR LEARNING ASSESSMENT

Prior to making an Application for Prior Learning Assessment (PLA), you must be enrolled at Pellissippi State Community College (PSCC) and meet all admissions requirements for the program in which course credit for prior learning is being sought.

SECTION I: TRADITIONAL PRIOR LEARNING ALTERNATIVES

Transfer Credits

The process for petitioning for transfer credit at PSCC is the same for students transferring from regionally accredited and non-regionally accredited colleges and universities. Students must first have a transcript submitted. For courses that are not automatically accepted for PSCC credit, the student may request reconsideration of transfer credit decisions. It is important for students to submit supporting documentation if they choose to petition for transfer credit.

Steps in the appeal process are as follows:

1. The student contacts the Records office, (865) 694-6549, and requests a reevaluation of transfer credit. The student may ask that particular courses be reconsidered for approval.
2. The student must submit course descriptions, course syllabi and other documentation accompanied by a Petition for Transfer Credit form to the Records office (attached).
3. The Records office processes copies of college transcripts and supporting documentation to the appropriate academic dean for review.
4. The dean informs Admissions and Records of the transfer credit decision. Dean decisions regarding the awarding of transfer credit are final.
5. The student is notified of the transfer credit decision by Records, and any approved transferable credit will appear on the student’s record.
6. Forms may be accessed at: http://www.pstcc.edu/pla.
**PETITION FOR TRANSFER CREDIT FORM**

Student Name ___________________________ P# ____________________ Date _________

Student Address ___________________________ Email Address ___________________________

Phone ___________________________ Major ____________________ Term of Admission ___________

This form is to be used to request acceptance of transferable coursework.

Students seeking transfer credit must submit the following supporting documents for credit evaluation purposes:

1. Official transcript
2. Course description from college catalog [appropriate year(s) for course work completed]
3. Course syllabi for each course to be reviewed

Evaluation material must be attached to this request form and additional documents may be required. Credit may be awarded only after review and approval by the appropriate academic department. Dean decisions regarding transfer credit are final.

List all transfer courses within a department on one form. Use as many forms as needed.

Credit by Exam

Pellissippi State recognizes and accepts credit through various testing alternatives. Credits may be earned by taking standardized tests, such as the College-Level Examination (CLEP), DSST Credit by Exam Program (DANTES), or Advanced Placement (AP), or by taking PSCC exams for credit. Information for approved exams and required scores is available at http://www.pstcc.edu/pla.

Students who believe their prior academic or work experience fulfills requirements for a particular course may request permission to receive credit for the course through taking an examination in lieu of attending the course. Permission for granting of credit by examination requires the approval of the academic department dean and of the vice president of Academic Affairs. A list of the courses for which exams for credit are available may be found at http://www.pstcc.edu/pla.

The student will pay a $25 non-refundable fee prior to taking the examination. A minimum high school or college grade point average (GPA) of 2.5 is required of students applying for credit by examination; students who do not meet this requirement will not be permitted to take an examination for credit. A student who has previously received a grade in a course may not apply for credit by examination, and a student can attempt an examination for any course only once.

A student must apply for credit by examination by September 15 in fall semester or by February 15 in spring semester. Tests will be administered by appropriate personnel. Credit will be given on a pass/no pass basis only and will not be computed in the student's GPA.
**Credit by Exam Process**

1. Student accesses Request to take Exam for Credit from the PLA website [http://www.pstcc.edu/pla/creditbyexamphp](http://www.pstcc.edu/pla/creditbyexamphp) by clicking on the appropriate academic department.

2. Student completes form and submits to the department dean.

3. Department dean reviews request, approves or denies request, and informs student of decision.

4. If request is approved, dean gives student instructions for paying fee at Cashier’s office and for taking test.

5. Student pays fee and takes test.

6. Test is returned to department office and evaluated by a committee of department faculty.

7. Dean sends exam and completed Credit by Exam form to vice president of Academic Affairs, who approves or denies granting of credit and sends packet to Records office.

8. Records office verifies that student has paid $25 fee for course, records credit, and notifies student.
Professional Certifications and/or Licensures

Depending on the student’s chosen degree path, PLA credit can be awarded for many professional certifications and/or licensures previously earned. Students who have Certified Professional Secretary (CPS) certification may receive credit for 15 semester hours. Students who have Certified Administrative Professional (CAP) certification may receive 19 semester hours. Certifications from Computing Technology Industry Association (CompTIA), such as A+ certification or Microsoft Office Specialist Certification, may also be considered. The International Brotherhood of Electrical Workers (IBEW), the National Joint Apprenticeship and Training Committee (NJATC), the Plumbers and Pipefitters Joint Apprenticeship and Training Program, and Department of Labor (DOL) Training Programs offer apprenticeships that have been approved for college credit.

SECTION II: NON-TRADITIONAL PRIOR LEARNING ALTERNATIVES

Credit for Life Experience

Credit for life experience is typically requested for one or two courses and may be granted by verification of college credit recommendation in the Directory of the National Program on Non-collegiate Sponsored Instruction or by approval of the vice president of Academic Affairs, the academic department dean, and an appropriate faculty committee. It is recommended for students requesting multiple courses for life experience credit to choose the Portfolio option for PLA credit listed on page 12.

A request to petition for credit for life experience will be approved by the appropriate academic department dean (or designee) prior to the student’s submission of documentation of professional experience that directly relates to the content of a specific course at Pellissippi State. Credit for life experience may be petitioned for courses for which credit cannot feasibly be granted by other means, such as advanced placement, CLEP, credit by examination, or
transfer credit. The student must also meet the College’s graduation residency requirement as specified in the College catalog and follow the required procedure:

1. Student requests Credit for Life Experience form (attached) from the appropriate department office, completes the petition section of the form and schedules an appointment with the appropriate academic department dean (or designee).

2. If the dean (or designee) grants approval for the student to proceed, he or she appoints a faculty committee of at least two members, who schedule a meeting with the student to discuss instructions and guidelines for the documentation to be submitted.

3. Prior to submission, the student schedules an interview with the faculty committee to explain or clarify the experience as presented in the documentation.

4. The faculty committee reviews the documentation, completes the approval form and forwards it, along with the compiled documentation, to the dean for review.

5. Upon approval, the dean forwards the form and materials to the vice president of Academic Affairs for review.

6. Upon approval, the vice president of Academic Affairs forwards the form to the Records office for implementation of the credit and returns all documentation to the department office. The Records office will forward a copy of the completed form to the department office and file the original.

7. Forms may be accessed at: http://www.pstcc.edu/pla.

Ace Military Credit

The American Council on Education (ACE) National Guide to College Credit for Workforce Training contains ACE credit recommendations for formal courses or examinations offered by various organizations, from businesses and unions to the government and military. Pellissippi State may award college credit for training and certifications based on ACE national guidelines when applicable to the student’s program of study. This includes evaluation of military training, corporate training, certificates and/or apprenticeship programs which may lead to college credit.

ACE recommended military credit will be considered based upon submission of official military transcripts, such as AARTS or SMART transcripts. Course descriptions should also be submitted for recommended course credit. All course and occupation descriptions can be accessed from the Guide to the Evaluation of Educational Experiences in the Armed Services on the ACE web site, http://www.militaryguides.acenet.edu/index.htm.

Ace Corporate Training Institutes

The National Guide to College Credit for Workforce Training contains ACE credit recommendations for formal courses or examinations offered by various organizations, from businesses and unions to the government and military. This information is accessible through the National Guide to College Credit for Workforce Training tab on the ACE website, http://www2.acenet.edu/credit/?fuseaction=content.getEvaluatedOrganizations.

Portfolio

Currently enrolled students at Pellissippi State may petition for credits through documented work experiences or life experiences in the field in which a degree is being
pursued by compiling and submitting a portfolio. The portfolio option is available for students who wish to petition for multiple courses for credit.

Prior learning credit may be granted as elective credit for specific courses if the learning experience correlates to courses to which the current Pellissippi State course inventory. Up to 45 credit hours may be earned through PLA (including CLEP, DANTES, AP, and ACE). Within the TBR system, “Credit based on Prior Learning Assessment (PLA) at another TBR institution will be accepted in transfer and applied toward the student’s degree in the same way that any other type of transfer credit is accepted.” TBR Guideline A-030 I:H:4. PLA is guaranteed in the Tennessee Transfer Pathways for all UT and TBR institution. PLA credits with course matches are to be treated exactly the same as their non-PLA, traditional classroom equivalencies. If those traditional credits would have transferred, then their PLA counterparts are given the exact same guarantee. Any exceptions, limitations, qualifications, or other regulations within the TTPs for traditional courses would also apply.

Students interested in seeking prior learning credit by compiling a portfolio should contact the PLA advisor to discuss the process. PSCC has partnered with LearningCounts.org, an innovative online service that assists students to prepare Learning Portfolios to demonstrate learned competencies, expertise, and knowledge from career, military, or volunteer service, and evaluates those portfolios for undergraduate college credit. Through LearningCounts.org, individuals can prepare a portfolio that documents their learning assessment by an expert faculty member to determine college level credits, http://www.learningcounts.org/. The PSCC transcript will note the credit as “Portfolio Credit” and a grade of “P” (Pass) will be assigned.
